ELEVATE YOUR BAR DÉCOR WITH ENGAGING ENTERTAINMENT

Enhance your patrons' experience with the NGX Curve's dual-screen setup. Now, in addition to music videos, the Curve offers exciting trivia entertainment displayed on the jukebox's upper screen and connected TVs. Operators can schedule trivia sessions, creating dynamic in-venue entertainment that's both interactive and adaptable to the crowd's mood.

- **Captivating Entertainment with Music Videos and Trivia:** Engage your patrons with a variety of entertainment options, including music videos and interactive trivia displayed on the Curve's 18.5" upper display and connected TVs.

- **Customizable Lighting and Equalizer:** Set the perfect ambiance as the illuminated frame and dynamic equalizer can move to the beat of the music or be adjusted to your preferred color and brightness.

- **Access to AMI's Extensive Digital Music Catalog:** Give your guests access to millions of songs, including full albums, timeless classics, and the latest hits, bringing AMI's entire digital library to your venue.

- **Tailored Content Filtering:** Customize the music available to match your venue's unique atmosphere, ensuring that every song fits your vibe and mood.

- **AMI Ad Manager for Dynamic Custom Ads:** Boost sales and build brand recognition by scheduling custom ads across the jukebox and connected TVs with AMI Ad Manager, choosing from over 1,900 templates or uploading your own designs.

With robust entertainment content, a sleek package that will fit any wall, powerful promotional reach, and revenue-boosting features like music video, the NGX Curve is the next-generation jukebox that earns more.

Jukebox Dimensions:
H: 33", W: 20", D: 9.75", Weight: 80 lbs

PLAY MUSIC VIDEOS

- When a patron selects a song that has an available music video, the jukebox UI (or AMI Play app UI) suggests upgrading to the video selection.
- Patrons pay a small upcharge for video selections.
- Selected videos play through the Curve's 18.5" wide HD upper screen, as well as any connected TVs.
- AMI's Music Video On-Demand (MVOD) feature grants players access to the full library of more than 35,000 music videos.

PLAY INTERACTIVE TRIVIA

Offer patrons an exciting new way to engage with interactive trivia displayed on the Curve's upper screen and connected TVs.

- **Scheduled Trivia Sessions:** Trivia games run every 20 minutes, spanning 20 diverse categories with questions and answers displayed on the Curve's upper screen and connected TVs.
- **Easy Patron Participation:** Patrons answer questions using the AMI Play app, at no cost to them.
- **Flexible Scheduling:** Operators and Venue staff can schedule trivia sessions, switching to music video selection when trivia isn't running.

PROMOTE YOUR BUSINESS

AMI Ad Manager lets you transform both screens of the NGX Curve (and connected TVs) into your own in-venue billboards. The powerful digital signage tool is standard with your jukebox. Whether you're promoting current offerings or upcoming specials, there are hundreds of ways to put Ad Manager to work for your business.

- Promote daily and nightly specials! Schedule promotions in advance by selecting times and dates for ads to display on the jukebox and on connected TVs.
- Choose from over 1,900 pre-made templates or upload your own images to easily create custom digital advertisements.
- Instantly create and run ads in real time for special events, groups, and more.
- Ad Manager can be accessed via amientertainment.net or using the convenient Co-Pilot mobile app.
